September 2024 Newsletter

Happy September, Comet Family!

I am so pleased to be the site principal this year at Cordua! The students, staff, and families have been more than gracious and kind as we embark on this journey together to learn names, routines, and procedures.

Currently, we have 77 enrolled students at Cordua, where each Comet, new to the family or a veteran, learns the importance of being safe, respectful, responsible, problem solvers. Our goal is to ensure that we are teaching these expectations to our students as well as ensure that students are practicing them throughout the day.

Every Monday, teachers select the Comet of the Week for students that have shown characteristics of our Comet Expectations. How do you show being safe, respectful, responsible, and a problem solver every day?

Don't hesitate to reach out! My door is literally always open and the cell phone is on.

Thank you to all the staff, students, and families that have been so welcoming this school year.

With Comet Pride,
Principal Fischetti
